All performers must be able to transport (load and unload) the taiko drums and equipment for the performance and back to Sand Lake. Tomodachi Daiko strongly believes that transporting the taiko and equipments is a vital part of each performance, therefore, until we return them back at Sand Lake, we have not completed our performance. If you are unwilling to do so, please reconsider your commitment to performing. If you have a reason why you cannot help with transporting, please let Mr. or Mrs. Kono know in advance of the performance. Repeated instances of not helping may result in you not being included in future performances.
